

Here is a general outline below for a video submission for our game show. Mini DV tape format is ok to submit. Don't worry about editing the footage. The purpose of the video is to show your child's personality and a chance for them to tell us about their accomplishments. We are looking for kids with trivia knowledge and tons of energy! Please make the video more of a conversation than a question and answer. We would really like the kids to elaborate and not give us yes / no answers.
